A CHRISTIAN COLLEGE OF LIBERAL ARTS AND SCIENCES

BUCKHANNON, WEST VIRGINIA

Objectives of the College

It is the purpose of West Virginia Wesleyan College to be a Christian college of liberal arts in the sense that its total program is motivated by Christian ideals and principles, and is directed toward the development of competent, cultured, Christian persons.

The College seeks to help each student, in the light of his individual abilities, interests, and needs, to become such a person by attaining the following specific objectives:

1. Ability and disposition to read the English language with understanding, and to speak and write it correctly and effectively. (Stressed in total program, and particularly in composition and speech.)

2. Ability and disposition to think clearly, objectively, independently, and constructively. (Stressed in total program, and particularly in mathematics, natural and social sciences, and philosophy.)

3. Ability and disposition to order one's own life in such fashion as to realize the highest possible degree of health and efficiency of both body and mind. (Stressed in total program, and particularly in physical education and psychology.)

4. A broad orientation in the liberal arts—some understanding and appreciation of the content and value of the main fields of learning and of the major problems of human life. (Stressed particularly, but not exclusively, in required courses in general education. See General Education.)

5. Sufficient concentration in some fields, or fields, to constitute adequate preparation for graduate study or immediate entrance into some well considered vocation. Through its program of testing and guidance the College undertakes to help the student to choose wisely his vocation or profession. Through its instructional program it undertakes to help him acquire the knowledge and develop the skills essential to success in his chosen field. (Stressed particularly in courses constituting the student's major and minor, and in the guidance program.)

6. Understanding, appreciation, and experience of the Christian religion—development and practice of a Christian philosophy of life. (Stressed in total program, and particularly in courses in Bible, philosophy, and religion, in college chapel, in student organizations of a religious character, and in participation in life of local churches.)

7. Ability and disposition to be a good citizen—to participate in, and assume leadership in, socially constructive organizations and activities; and to foster extension of democracy and development of a worthy cosmopolitanism. (Stressed in total program, and particularly in student participation in government, student organizations, and extracurricular activities.)

People often ask, "What's in a name?" and in the same manner we might well ask, "What's in a college?" The content of a name depends on how much one gives to life. Similarly, the value of college is measured by the degree to which one gives himself to the total educational experience. When college is approached seriously and with full commitment only good results and the stature of the individual is enhanced. A sense of clear purpose is then essential to a profitable college experience.

As the individual must have a clear purpose to achieve success in life, so also an institution such as a college must have a purpose if it is to achieve its largest dimensions. The purposes and objectives of West Virginia Wesleyan College reflect the institution's desire to help the individual achieve maturity. College, then, is a joint experience in which both the individual and institution join hands in the all important search for meaning.

As one applies himself in a conscientious search for information and follows the inspiration and direction of dedicated teachers he will become increasingly aware of the possibilities of chosen fields, and will develop a competence and maturity that always characterize the good student. As one participates in the total cultural life of the institution, horizons are broadened and the richness of our civilization and culture becomes apparent. As one performs the role of a good citizen in the campus community, shares in the services of worship, studies the religious heritage of our people, and explores religious values, the Christian life becomes commanding and its radiance is reflected in all that one does.

"What's in a college," then, depends in large measure on how faithfully each student takes advantage of his college opportunities and how faithfully he strives to reflect the highest ideals and objectives of the institution. West Virginia Wesleyan College is dedicated to the best in life and it invites you to find the best, to master it and to live it.

Is the Christian College for You?

The Christian college is a community of teachers and students seeking to know the nature of the universe created by God and the kind of society in which man can live according to God's will.

Does this definition excite you? If it does, you will find West Virginia Wesleyan to your liking—for it seeks to be a Christian College of Liberal Arts and Sciences in the sense that its total program is motivated by Christian ideals and principles, and is directed toward the development of competent, cultured, Christian persons.

The College seeks to help you to become a competent, cultured, Christian person by providing you with a faculty of capable teachers of substantial Christian influence; by furnishing you with a program of individual guidance designed to help you make the best possible use of your talents, time, opportunities; and by constantly restudying the College's objectives and procedures in order to improve them.

An integral part of this general Christian emphasis is the College's high academic standards. West Virginia Wesleyan College is a member of the North Central Association of Colleges and Secondary Schools; is accredited by the University Senate of The Methodist Church, and by the University of the State of New York. The College holds membership in the National Association of Schools of Music, and is approved by the West Virginia Department of Education.

Wesleyan is also a member of the National Commission on Accrediting, the American Council on Education, the Association of American

Colleges, and the American Association of Colleges for Teacher Education: is approved for membership purposes by the American Association of University Women, is a member of the Regional Council for International Education, and is an Educational Associate of the Institute of International Education.

Because the Christian college is seeking to understand *all* of God's world, it is naturally interested in bringing to the campus the finest in lectures and cultural events.

For example, the 1964-65 Concert Series included performances by Whittemore and Lowe (duo-pianists), The Theatre Men (vocalists), New York Brass Quintet, Schola Cantortum, Vronsky & Babin (duo-pianists), and Phyllis Curtin (soprano).

Each year special prominent guest lecturers are secured for the Divisional Lectures Series, the Schoolcraft Lecture, and many other special lectureships and seminars.

The cultural enrichment program is further implemented by the students of Wesleyan as they plan, direct, and produce other cultural programs.

A weekly assembly, held on Thursdays at 11:00 a.m., presents a variety of programs which include lectures, concerts by individuals and groups, college organizations, and Community Council activities.

Integrating these many cultural activities is an extensive religious program, including a campus-wide chapel service conducted every Tuesday morning at 10:00 and 11:00 o'clock.

The religious life program of the campus is coordinated by a Religious Life Council composed of faculty and students who represent the

religious interests of the College community and the major denominations represented in the student body. The work of the Council is carried on by committees which present religious programs on Sunday mornings, Sunday evenings, Thursday evenings, and the annual Christian Emphasis Week, as well as other special occasions.

The central religious concern of the campus is further illustrated by the presence of a large number of preministerial students serving approximately one hundred rural churches in the vicinity of the College. Of the 1,400 full-time students, enrolled during the first semester of 1964-65, sixty-nine were preparing for the work of the Christian ministry, and sixty-five others were preparing for careers in Religious Education and related vocations.

Implicit in the mature religious outlook is always the concern for the whole person. It is in view of this outlook that West Virginia Wesleyan College provides you with a wide range of co-curricular activities.

You will find quality programs in athletic and intramural sports, indicating the College's serious concern for your physical well-being. An unusually fine choir, band, and other musical organizations permit you to express your musical talents in creative ways. Social fraternities and sororities, considered an integral part of the College community, allow you to participate in a specialized fellowship, if you so desire. If you have inclinations toward acting or speaking, you will find drama, speech, and debate groups looking for your enthusiasm. Individual sports such as hiking, spelunking, and skiing give ample opportunity for leisure time activities.

These many co-curricular programs are maintained in the belief that the Christian college of liberal arts should provide for self-realization in all realms, spiritual, intellectual, and physical.

WHERE AND WHAT IS WESLEYAN?

It has been nearly seventy-five years since a small group of dedicated West Virginia Methodists, bold enough to "see visions and dream dreams" of a great college at the foothills of the Allegheny Mountains, founded what was then known as the West Virginia Conference Seminary. From the very beginning the salient task of the College's administrators, faculty members, students, and friends has been to turn this pioneer vision into reality.

Now, here in the sixties, WVWC stands erect in the world of higher education and invites you, the incoming student, to join this growing Wesleyan tradition.

Though the general aims and commitments of the present College are essentially the same as they were at its founding in 1890, the campus has been greatly extended and the physical facilities have multiplied at an almost phenomenal rate. Located in Buckhannon, a city of more than 7,000 inhabitants near the geographical center of West Virginia, the 75-acre campus of native oaks and other beautiful trees and shrubs contains over a dozen buildings of modified Georgian design.

The Lynch-Raine Administration Building houses the administrative offices, certain academic departments, and Atkinson Chapel. The Haymond Science Hall contains the Departments of Biology; Chemistry; Astronomy, Geography, and Geology; Mathematics; Physics, and houses also the Museum of Natural Science. The L. L. Loar and Family Memorial Building provides studios, classrooms, and practice rooms for the Departments of Music and Fine and Applied Arts. The Annie Merner Pfeiffer Library houses a collection of more than 60,000 volumes. The Administration Annex contains faculty offices, the Center for the Study of Latin America, and other facilities. The Gymnasium houses the Department of Physical Education, and Ross Field, adjacent to it, provides football and track facilities. The Benedum Campus Community Center has new facilities for swimming, bowling and other activities, as well as a coffee shop, post office and bookstore.

Fleming Hall provides room for 150 men, McCuskey Hall houses 160 men and Doney Hall provides room for 150 men.

Agnes Howard Hall provides room for 130 women, its basement area serving as the Student Personnel Center. Jenkins Hall provides room for 150 women, and a third residence hall for women houses 200 women.

Besides these on-campus facilities, WVWC provides three large houses for women students, a laboratory kindergarten, a computing center, the Edna Jenkins Home Economics Cottage, the Alumni House, and the Appalachian Art Center.

These physical facilities, homogenized with the friendly spirit of Wesleyan and a wide curriculum of offerings in the liberal arts and sciences, make the College an ideal place for study and for living the life good to live.

STUDENT WELFARE

PERSONNEL SERVICES

The Student Personnel Center is dedicated to serving all students of West Virginia Wesleyan College. The center co-ordinates and is concerned with various services, primarily related to the students and their activity outside the classroom. The services included are: the cultural and religious development of students; housing of students; counseling and testing; the health, physical fitness, and medical program; campus government; campus organizations, their program and activities; student aid and placement.

The personnel staff recommends that all students become familiar with *The Orange N' Black Student Handbook*, the guide to campus life.

ORIENTATION

An orientation course designed to supplement the Orientation Program in helping freshmen to make successful adjustments to college life is required of all students. Topics considered include the objectives of college, use of library, healthful living, campus activities, social usage, effective study techniques, and educational and vocational planning.

HEALTH SERVICE

The College maintains a health service for its students, as outlined below.

(1) As one of the requirements for admission to the College each applicant must present, prior to registration, a health certificate executed by a practicing physician. Forms provided by the College must be used for this purpose.

(2) Chest x-rays are provided annually for all students, all staff members, and all employees, through the cooperation of the West Virginia Department of Health, and are required of all persons listed.

(3) The College Health Center, located at 68 College Avenue, is staffed 24 hours daily with a Head Nurse on duty 9:00 a.m.-5:00 p.m., a part-time nurse on duty afternoons and early evenings, and a resident night nurse. Two local physicians have daily office hours at the Health Center and are available as needed. The College provides the doctors' services for minor and occasional illnesses and emergencies. The Health Center has limited infirmary facilities for students needing isolation but not hospitalization. Hospitalization is available at the Leonard Memorial and St. Joseph's Hospitals located in Buckhannon.

(4) All students receiving medical care must assume the responsibility of meeting the financial payment directly to the physician or hospital from personal funds or through their hospitalization program. The College does not assume responsibility for prolonged or specialized medical care or for hospitalization. (See Medical Reimbursement Insurance.)

The Leonard Memorial and St. Joseph's hospitals, located in Buckhannon, afford good facilities and services.

MEDICAL REIMBURSEMENT INSURANCE SERVICE

Medical Reimbursement Insurance, covering accidents and illness, is available as provided by Continental Casuality. The insurance covers medical expenses to $1,000.00 for each accident or $1,000.00 for each illness, plus a death benefit of $1,000.00. Insurance is available for either nine months or twelve months. The cost of the insurance is approximately $16.00 for nine months and $25.00 for twelve months. Participation in the insurance program is optional.

HOUSING AND FOOD SERVICE

All college men and women not living at home are required to live in college operated residence halls.

All housing accommodations must be cleared through the Student Personnel Center. In order to obtain a room reservation it is necessary for a student in residence, a former student approved for readmission, and all new students admitted to Wesleyan to file an application for housing and pay the required deposit. Applications are available by writing to the Student Personnel Center.

All students living in College residence halls are required to make a security deposit of $50.00 for a semester or $25.00 for a summer term. This deposit will be held as a security deposit until the termination of residence, when it will be refunded upon request before June 1 of each year, less deductions for any damages, beyond normal wear, incurred against College property. This deposit may serve as the required deposit for renewal of room reservations from year to year, but cannot be credited toward room or board charges.

A charge will be made to cover any damage done to College property beyond the wear incident to normal and proper use.

Security Deposit Refund—see Expenses.

Rooms in residence halls are furnished except for linens, blankets, rugs, curtains, and study lamps.

Contracts with room assignments will be mailed to all applicants who pay the security deposit. All housing contracts are binding for the academic year issued. Under very extraordinary circumstances, the Housing Committee may authorize an exception to this rule.

All changes in residence must be reported to and approved by the Housing Committee through the Dean of Students Office.

Rooms and apartments are available in approved homes off campus for married students. Approved listing of such facilities are available in the Office of the Dean of Students.

Coeducational dining is provided in McCuskey Hall and Jenkins Hall. All students residing in College residence halls must board on campus and will be assigned to an appropriate dining room.

Boarding on campus is optional to those few students approved for off-campus housing.

Room and Board charges—see Expense.

To insure the best welfare and cooperation of all members of the College community, students are requested to know and are responsible for abiding by the general policies and regulations governing residence halls, fraternity and other off-campus houses for students.

COUNSELING SERVICE

West Virginia Wesleyan College attempts to provide students counseling services commensurate with their needs—whether educational, vocational, social, moral or religious.

All members of the faculty assist with guidance services, under the leadership and direction of a Counseling Committee, constituted of persons with extensive backgrounds of, preparation for, and experience in, counseling.

Faculty advisors and professional counselors seek to understand the individual student—and to help him to understand himself—with respect to academic aptitudes, educational achievement, personal and social adjustment, vocational aptitudes and interests, and moral and religious standards and concern.

Such information is then utilized by counselors in advising the student, in assisting him with his various problems, and in helping him to grow toward well integrated adulthood—characterized by competent self-direction, constant self-discipline, and complete self-dedication to some worthy enterprise, some noble cause, some high ideal.

When specialized professional services—sometimes unobtainable at the college—become necessary for an individual student, the counseling staff will make an appropriate recommendation to the parent or guardian. The student's family must assume complete responsibility for securing the needed professional treatment. Normally, such referrals are conducted through the family physician.

TESTING SERVICE

In order to provide counselors, instructors, and the student himself with reliable information about his individual ability, aptitudes, achievement, progress, vocational interests, and significant personality traits, the College maintains a well planned testing program.

Entering freshmen, prior to registration, take the following standard tests: (1) American College Test, (2) Opinion, Attitude and Interest Survey, and the (3) Nelson-Denny Reading Test.

Entering freshmen and transfer students who do not submit American College Test (ACT) scores prior to registration are required to take the examination given by the College.

The College provides to seniors approaching graduation the Graduate Record Examination, consisting of (a) the Area Tests, designed to assess the broad outcomes of education in the liberal arts, (b) Advanced Tests taken by each student in his major field only, (c) The Aptitude Test, which measures verbal and quantitative abilities. The Graduate Record Examination is required of applicants for admission to a large, and increasing, number of graduate schools.

Near the end of the senior year, each student must, as a requirement for graduation, pass a comprehensive examination and submit GRE Area and Advanced Test scores.

This testing program supplements the tests given by instructors in specific courses. It also provides factual data on the basis of which the College undertakes continuous evaluation and improvement of its curriculum.

West Virginia Wesleyan College is an approved Testing Center for the administration of the *American College Test* (ACT), *Graduate Record Examination* (GRE), *National Teachers Examinations, Miller Analogies Test, Admission Test for Graduate Study in Business, Law School Admission Test, National Program for Graduate School Selection.*

PLACEMENT SERVICE

The College Placement Service is maintained to provide seniors and graduates with vocational information and employment opportunities. During the year conferences with representatives from business, industry, and education are arranged for seniors who are registered with the Placement Service.

Admission and Expenses

ADMISSION AND CREDITS

ADMISSION BY HIGH SCHOOL TRANSCRIPT

West Virginia Wesleyan College will admit to freshman standing irrespective of race, color, or creed, subject to the reservation below, graduates of accredited high schools who stand in the upper half of their graduating classes, and who present to the Committee on Admission the following:

1. A satisfactory application for admission on form furnished by the College.

2. A satisfactory transcript of high school record showing courses pursued, grades earned, credits amounting to at least 16 units (earned in grades 9 to 12), and a clear statement of applicant's standing in his graduating class (e.g., Third, in order of highest to lowest, in a graduating class of 141).

3. A satisfactory health history and health certificate, on forms furnished by the College.

4. Two satisfactory personal recommendations, on forms furnished by the College, preferably by applicant's pastor and his principal or one of his teachers. Recommendations by other responsible persons may be accepted.

5. A matriculation charge of $25. Any student not accepted will receive a refund of $15; all students accepted will have $15 credited to their tuition, when admitted, and those who are accepted, but fail to matriculate, will forfeit the $25.

Graduates of accredited high schools who do not stand in the upper half of their graduating classes, and graduates of non-accredited high schools, may apply for admission, as above, and may be admitted if they demonstrate on such tests as the College may prescribe satisfactory ability and achievement. In such cases, the applicant, if approved, is admitted tentatively. If he maintains a satisfactory record for the period for which he is tentatively admitted, he is then granted regular standing; otherwise, his enrollment is terminated.

The College, open without discrimination to all qualified students, reserves the right to refuse to admit any applicant, who because of low scholarship, or for any other reason, is in the judgment of the Committee on Admission deemed unlikely to conform to the standards and ideals the College seeks to maintain.

Applicants for admission to West Virginia Wesleyan College are required to take either the College Entrance Examination Board Scholastic Aptitude Test (CEEB) *or* the American College Test (ACT). Freshmen who do not take the ACT prior to entrance will be required to do so during Orientation Week *at the expense of the student.*

Students who have taken the OAIS test prior to registration may submit this test score, thus eliminating the necessity for taking this particular test during Orientation Week.

Forms for use by applicants for admission may be obtained by addressing the Director of Admissions.

ADMISSION TO ADVANCED STANDING BY TRANSFER

Persons transferring from other accredited institutions of collegiate rank may be admitted to advanced standing in West Virginia Wesleyan College upon presentation of the following items to the Committee on Admission:

1. A satisfactory application for admission, on form furnished by the College.

2. A certificate of good standing in, and honorable dismissal from, the institution (s) previously attended.

3. An official transcript of credits earned at the institution previously attended, showing entrance credits accepted and results of standard tests administered.

4. A satisfactory health history and health certificate, on forms furnished by the College.

5. Two satisfactory personal recommendations, on forms furnished by the College, preferably by applicant's pastor and his dean or one of his

teachers. Recommendations by other responsible persons may be accepted.

6. A matriculation charge of $25.00. Any student not accepted will receive a refund of $15; all students accepted will have $15 credited to their tuition, when admitted, and those who are accepted, but fail to matriculate, will forfeit the $25.

Credit for courses taken in non-accredited institutions will be determined by the Committee on Admission and Academic Standing. This Committee may require the person desiring credit for such courses to take a series of examinations to demonstrate satisfactory mastery of courses for which credit is sought.

West Virginia Wesleyan College will not accept more than sixty-four semester hours of credit from a junior college.

West Virginia Wesleyan College will not accept by transfer credits earned per semester in excess of the number of credits students in residence are permitted to earn. (See Student Load.)

ADVANCED PLACEMENT BY TESTING

The College participates in the Advanced Placement Program of the College Entrance Examination Board. Students who have taken and satisfactorily passed college level courses in high school and who have passed the Advanced Placement Examination of the Educational Testing Service at the level of "3" may apply to the College for credit or advanced placement in these subjects. These examinations are administered in the Spring. Applicants will need to have results sent to the Dean of the College before the Fall semester.

PROVISIONAL ADMISSION

Applicants for admission who for sufficient reason cannot submit prior to date of registration one or more of the required documents may be accorded the courtesy of provisional admission—provided, that each student accorded this courtesy shall submit in satisfactory form all documents required, as above, within the first three weeks following said date of registration, or be suspended, except when an extension of time is granted by the Committee on Admission.

ADMISSION ON ACADEMIC PROBATION

At the discretion of the Committee on Admission, students may be admitted on academic probation for two semesters. Those who maintain a satisfactory record—a C-average or better, and good conduct—

will be accorded good standing; and those who fail to maintain a satisfactory record will be discontinued.

This Committee, at its discretion, may require a student to maintain for each semester a grade average of C, or better, in order to be eligible to enroll for the next semester.

READMISSION

West Virginia Wesleyan College will readmit former students who were in good standing at the time of withdrawal; who submit applications for readmission on form furnished by the Admissions Office; and who file complete official transcripts of records established at other institutions of higher learning, if any were attended, showing that they were in good standing at, and entitled to honorable dismissal from, said institutions.

CREDIT FOR EDUCATIONAL EXPERIENCE IN ARMED SERVICES

West Virginia Wesleyan College will grant appropriate credit, as recommended in *A Guide to the Evaluation of Educational Experiences in the Armed Services, 1954,* and as modified or superseded by later recommendations of the Commission on Accreditation of Service Experiences of the American Council on Education, to students who either submit satisfactory documentary evidence, or demonstrate on such tests as the College may prescribe, that they have achieved, through educational experience in the armed services, a satisfactory degree of mastery of any subject for which the College regularly gives credit.

In granting credit under these regulations, no duplication of credit will be allowed, and no fractional credits will be allowed.

Credit in physical education will be allowed for educational experience in the armed services only when the applicant has completed more than one year of active military service.

Credit for educational experience gained in the armed services will be recorded by West Virginia Wesleyan College only for persons who have been, or are, regularly enrolled as students in the College.

Interested persons should consult the Registrar.

CREDIT BY EXAMINATION

West Virginia Wesleyan College will grant appropriate credit to persons who are, or have been, regularly enrolled students, and who demonstrate by their performance on such tests as the College may prescribe that they have acquired a satisfactory degree of mastery of any subject for which

the College regularly grants credit, subject to the following regulations:

Only students who have been in residence for at least one semester may apply for an examination to establish credit.

Only examinees who merit a grade of "C," or above, by their performance on such tests as the College may prescribe, may establish credit by examination. The faculty of the department concerned will determine the grade merited.

No more than nine semester hours of credit may be established by examination.

No credit may be established by examination in upper level (300 and 400 series) courses.

No credit established by examination may apply toward the last thirty-two semester hours of degree requirements.

No credit may be established by examination in any course audited by the examinee.

No credit may be established by examination in any course in which the examinee has previously earned an unsatisfactory grade ("D," or below).

No credit may be established by examination which duplicates credit already earned by the examinee.

No credit earned by examination in another institution of higher learning after the student concerned has enrolled in West Virginia Wesleyan College will be accepted by transfer.

A charge of $15.00 per semester hour is made for testing in each course in which an examinee undertakes to establish credit.

Examinations to establish credit are conducted on the first Saturday in April, July, and December.

Interested persons should consult the Dean of the College.

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, enter an accredited professional school, and transfer back to West Virginia Wesleyan College enough credits in subjects approved by the Committee to

complete the total number of credits required for a degree—provided he has met fully all other degree requirements.

SPECIALIZED EDUCATION

In order to provide all students an opportunity to acquire some degree of specialized education, as vocational or preprofessional preparation, West Virginia Wesleyan College requires each candidate for a degree to select at, or before, the beginning of his junior year a (departmental or interdepartmental) major and a minor.

In his major area of specialization the student must earn a minimum of twenty-four semester hours credit and twice as many quality points as semester hours. At least twelve of the semester hours and twice as many quality points as semester hours must be earned in upper level courses.

In his minor area of specialization the student must earn a minimum of fifteen semester hours of credit and twice as many quality points as semester hours.

No more than forty-five semester hours of credit in any one department may be counted toward the one hundred and twenty-eight hours required for graduation—with the exception that candidates for the degree of Bachelor of Music Education may count toward degree requirements a maximum of sixty-eight semester hours in Music, and candidates for the degree of Bachelor of Arts with a major in Music may count toward degree requirements a maximum of fifty semester hours of Music.

As a means of providing education in punctuality and responsibility in business matters, the College deals directly with students rather than with their parents.

All charges are due and payable at registration, and students should come prepared to meet them at that time.

Persons who prefer a monthly payment plan will avail themselves of the service afforded by The Tuition Plan, Inc., One Park Avenue, New York, 16, N. Y. or The Insured Tuition Plan, 38 Newbury Street, Boston 16, Massachusetts, or Education Funds, Inc., 10 Dorrance Street, Providence 3, Rhode Island. These organizations, which serve the clientele of many institutions of higher learning, enable the parent, or guardian to finance the amount remaining unpaid at the time of registration, at a 4% service charge. Two, three, and four year contracts, which include the benefit of parent life insurance, are also available. Persons interested in this service should inform the Treasurer of the College prior to the time of registration by making arrangements with one of the financing organizations in order to meet the college expenses at the time of registration. Fuller information is available from the Treasurer of the College or the Director of Admissions or by corresponding with the financing organizations.

Students are not eligible to take final examinations, to receive any transcripts of credits, or to be graduated until all charges are paid in full.

REFUNDS

In view of the fact that charges paid by students cover much less than the total operating cost of the College, the remainder being derived from

2. A student withdrawing from the College before the middle of a semester, or summer term, because of illness, or for other honorable reasons considered adequate by the College, will receive a refund of one-half the instructional charge for the semester, or summer term. 6. A student discontinued for disciplinary reasons will receive no refund of any charges, except for board, as provided under 5 above.

Scholarships and Student Aid

STUDENT AID

The Wesleyan philosophy governing the student aid program places great emphasis on scholastic achievement, demonstration of ability, and recognition of accomplishment in many of the awards. Need for aid is also of major importance and will be given appropriate consideration.

An individual voluntarily withdrawing from an accepted student workship becomes ineligible for any future financial aid.

Only limited awards for summer sessions will be considered.

Final selection or withdrawal of awards to be the prerogative of the Committee on Student Aid.

An attempt to announce all financial aid awards will be made approximately on or before July 1st of each year.

No student is eligible for more than one scholarship, workship, merit award or grant in aid, with the exception that a student receiving any of these forms of aid may also apply for a Methodist student loan, National Defense Loan, or a loan from either the Francis Asbury Educational Fund or the Pickett and Hatcher Educational Fund.

Rules and Regulations

REGISTRATION AND CLASSIFICATION

TIME OF REGISTRATION

Freshmen entering in September are required to register during Orientation Week, September 2-7, 1965. All other students will register on Monday and Tuesday, September 6-7. All students entering at the beginning of the second semester, or at the opening of any summer term, will register on the day designated in the college calendar.

LATE REGISTRATION

Except in cases of unavoidable delay, late registration is strongly discouraged. Students who enroll late will be required to reduce the number of hours for which they register, unless excused by the Committee on Admission and Academic Standing. A charge of $5.00 is made for late registration.

CHANGES IN REGISTRATION

Changes in registration can be made only with the approval of the Dean of the College, who in problematical cases will require the written consent of the student's advisor, and favorable action by the Committee on Academic Standing. In order to minimize charges, the student should consult his advisor, and, if necessary, the Dean of the College, before registering.

No changes in registration, involving addition of new courses, may be made after the fifth day of classes in any semester, or after the first

two days of classes in any summer term (of five weeks). (See Withdrawal from Courses.)

A charge of $5.00 is made for each change in registration, except when required by the College.

PREREGISTRATION

Students in residence during any semester or summer term preregister for the ensuing semester and/or summer term on dates designated in College calendar. Since it is highly important that preregistration be complete, in order that provision may be made for enough textbooks, laboratory materials, and sections of classes, students are required, in their own interest, to preregister. A charge of $5.00 is made for failure to preregister on dates designated.

STUDENT LOAD

The normal student load is sixteen credit hours per semester, or six hours per summer term (of five weeks). Students who are working part time, or who are failing to maintain a satisfactory scholastic record, are advised to carry loads lighter than the average. The Committee on Academic Standing may require the poor student to lighten his load. No student may register for more than sixteen credit hours in any one semester, or more than six in any one summer term (of five weeks), without the consent of this Committee.

WITHDRAWAL FROM COURSES

A student will be permitted to withdraw from a course only during the period specified in the College calendar, and only when the circumstances fully justify this procedure. In order to withdraw from a course, a student must obtain the written permission of the Instructor involved, the Chairman of the Department, the student's faculty advisor, and the Dean of the College.

If the student is doing passing work when he is granted permission to withdraw, WP (withdrew passing) is entered on his record. Otherwise, WF (withdrew failing) is entered.

If a student discontinues a course without permission of the Dean of the College, F (failure) is entered on his record.

COURSES REPEATED

A course in which the final grade is either a D or an F may be repeated with the permission of the Committee on Academic Standing. When-

ever a course is repeated, both the first grade received and the grade in the repeated course, with their related hours and quality points, shall remain a part of the permanent record. The total number of hours and points required for graduation will be increased accordingly.

CLASSIFICATION

When a student has met all entrance requirements, and has completed his registration, he becomes a freshman; when he has earned 32 semester hours of credit and 64 quality points, he becomes a sophomore; when he has earned 64 semester hours of credit and 128 quality points, he becomes a junior; and when he has earned 96 semester hours of credit and 192 quality points, he becomes a senior.

GRADES AND QUALITY POINTS

Grades	*Explanation*	*Quality Points*
A	Excellent	4
B	Good	3
C	Average	2
D	Poor	1
F	Failure	0
I	Incomplete	0
WP	Withdrew Passing	0
WF	Withdrew Failing	0
FIW	Irregular Withdrawal	0

Further explanation of I: if a student who has been making a passing grade cannot complete his work in a course on account of illness or other sufficient reason, an I (incomplete) is entered temporarily on his record. A course recorded as incomplete must be completed within the first six weeks of the next semester, except when an extension of time is granted by the Committee on Academic Standing. Otherwise, the I automatically becomes F.

For purposes of this section, a summer session (of ten weeks) will be treated as a semester.

SCHOLARSHIP QUOTIENT

The term "scholarship quotient" is used to indicate the ratio of the total of quality points earned by a student to the total of semester hours for which he has registered, excepting (1) courses from which he has withdrawn passing, and (2) courses in process.

AUDITORS

A person desiring to audit a course must obtain permission from the Dean of the College, register as an auditor, and pay the auditor's instructional charge for the course. (See Expenses.)

Auditors take no examinations, submit no written work, do no laboratory work, and receive no credit for courses audited. (See Credit by Examination.)

THE DEAN'S LIST

Superior scholarship is encouraged and recognized by the publication at the end of each semester of the Dean's List, which is constituted of students who have achieved a scholarship quotient of 3.35 or above, for the semester, while carrying a load of at least 12 semester hours.

For purposes of qualifying for the Dean's List, a summer session (of ten weeks) will be treated as a semester.

Students appearing on the Dean's List at least five times during their college work will be awarded the Wesleyan Key for Scholarship. (See Honors Banquet.)

THE WARNED LIST

A student who fails during any semester to maintain on total record a scholarship quotient of 2.00 or above, or fails to make passing grades (A, B, C, or D) in at least three-fourths of the hours for which he was registered, will be placed on the Warned List for the next semester in which he is in attendance, and notice thereof will be given to the student, his parents and all members of the faculty and administration of the College.

While a student is on the Warned List, he is ineligible for any office in any campus organization; for membership on any Community Council committee; for participation in any time-consuming extracurricular activity; for earning points toward a Wesleyan Key; or for receiving any grant in aid, workship, or scholarship.

For purposes of this section, a summer session (of ten weeks) will be treated as a semester.

ACADEMIC PROBATION

A freshman who fails during any semester to maintain on total record a scholarship quotient of 1.70, or above, will be placed on academic probation. A sophomore who fails during any semester to maintain on total record a scholarship quotient of 1.80, or above, will be placed on academic

probation. A junior who fails during any semester to maintain on total record a scholarship quotient of 1.90, or above, will be placed on academic probation. A senior who fails during any semester to maintain on total record a scholarship quotient of 2.00, or above, will be placed on academic probation.

A student on academic probation who fails during one semester of probation to attain the scholarship quotient indicated above may be discontinued because of poor scholarship.

When a student is placed on academic probation, the following type of entry will be made on his permanent record:

Placed on academic probation. 1/23/60 When a student on academic probation has attained a 2.00 scholarship quotient, the following type of entry will be made on his permanent record:

Removed from academic probation. 5/24/60

All students on academic probation are also on the Warned List, and are subject to all the ineligibilities listed thereunder. (See Warned List.)

For purposes of this section, a summer session (of ten weeks) will be treated as a semester.

DISCIPLINARY PROBATION

A student who fails in any matter of conduct to conform to the ideals and standards the College seeks to maintain may be placed on disciplinary probation for a stated period; or, if his failure is judged to be sufficiently serious, may be required to withdraw.

As a church college with close Methodist ties, West Virginia Wesleyan College requires its students to practice complete abstinence from the use of alcoholic beverages, beer included, while enrolled at West Virginia Wesleyan College.

A student who fails during, or after, a period of disciplinary probation to conform to the ideals and standards the College seeks to maintain will be required to withdraw.

When a student is placed on disciplinary probation, the following type of entry will be made on his permanent record:

Placed on disciplinary probation. 11/7/59 When the conduct of a student on disciplinary probation has been satisfactory throughout the period of probation, the following type of entry will be made on his permanent record:

Removed from disciplinary probation. 5/24/60 A student on disciplinary

probation is subject for the period of probation to all the ineligibilities listed under the Warned List. (See Warned List.)

REPORTS TO PARENTS

At the middle and end of each semester, and at the end of each summer term (of five weeks), the College sends a report of each student's grades and attendance record to his parents. These reports are made in the interest of thorough understanding and unity of effort on the part of all persons interested in the education of each individual student.

ATTENDANCE REGULATIONS

1. Each student is responsible for attending classes, chapel, and certain assembly periods under these regulations.

2. Missing any class or laboratory session, or substantial portion thereof, constitutes an absence. Missing sessions because of late registration constitute absences.

3. Each instructor shall, within the framework of these regulations, be responsible for handling problems of attendance.

A student who, in the judgment of the Committee on Academic Standing, has been grossly negligent of Chapel and Assembly attendance shall be subject to suspension therefor. (See Suspension for Negligence).

The Committee on Attendance may, upon written request, excuse students in the following categories—and no others—from attending Chapel services and assemblies:

Students enrolled for less than ten semester hours.

Students enrolled for Directed Teaching, and assigned to teach public school classes that overlap chapel and assembly periods.

Commuting students who live more than two miles from the campus, and who have only a three-day (Monday, Wednesday, Friday) schedule.

4. If a student is absent from any examination, except a final examination, said student must obtain from the Dean of the College permission to make up the examination, pay a service charge of $1.00 at the Dean's Office, and then make up the examination as the instructor may direct.

In the case of such absence from a final examination, the student must obtain permission, pay a service charge of $5.00, and make up the examination as above. A service charge of $10.00 is made for the privilege of making up a comprehensive examination.

SUSPENSION AND WITHDRAWAL

Students who incur an excessively large number of absences from any course(s), or who are otherwise grossly negligent of their studies, may be suspended therefor from the course(s) involved, or from all courses, by the Committee on Academic Standing; or may be permanently discontinued by said Committee. Students so suspended, or discontinued, shall have F entered on their permanent records for the courses involved.

West Virginia Wesleyan College reserves the right to require any student to withdraw, if his scholarship proves unsatisfactory, or if his presence jeopardizes in any way the ideals and standards the College seeks to maintain.

REGULATIONS REGARDING USE OF CARS

No student may drive a car at West Virginia Wesleyan College until he has attained sophomore classification, (See Classification), or age 21, except that, under very extraordinary circumstances, or in the case of commuters, the Administration Committee may authorize exceptions to this rule.

Every student driving a car at West Virginia Wesleyan College is required to register it on form provided by the College. Every student driver under twenty-one years of age must file a statement of authorization by parent or guardian on form provided by the College. Every motor vehicle driven by a student at West Virginia Wesleyan College must have in force on it bodily injury and property damage liability insurance. Any student who makes reckless or improper use of a car, or fails to provide the College correct information regarding the car he drives, will lose the privilege of driving at West Virginia Wesleyan College.

COURSE NUMBERS

Courses for freshmen (the 100 series) and sophomores (the 200 series) constitute the lower level of the curriculum. Almost all general education requirements consist of lower level courses, which should be completed, as far as possible, by the end of the sophomore year. (See General Education.)

Courses for juniors (the 300 series) and seniors (the 400 series) constitute the upper level of the curriculum. In order to qualify for a degree, a student must earn at least forty-five semester hours of credit and at least twice as many quality points as semester hours in upper level courses. In his major field the student must earn at least twelve semester hours of credit and at least twice as many quality points as semester hours in upper level courses.

Courses bearing odd numbers are usually given during the first semester, and those bearing even numbers during the second semester. Whenever a course bearing an odd number is given in the second semester, or a course bearing an even number in the first semester, an "r" is added to the number of the course on class schedules.

In general, freshmen should enroll for courses in the 100 series, sophomores for courses in the 200 series, etc. Freshmen are ineligible for all courses in the 300 and 400 series, and for most courses in the 200 series. Sophomores are ineligible for all courses in the 400 series.

Curricula and Degrees

GENERAL EDUCATION

General education, as distinguished from specialized education, deals with the common knowledge, attitudes, skills, and habits essential for effective living as an individual, as a member of one's family, as a worker, and as a citizen. The general education program of West Virginia Wesleyan College is designed to help the student to understand the world in which he lives, to share our cultural heritage, to become acquainted with, and concerned about, the major problems of mankind, to develop and practice a Christian philosophy of life—in brief, to become a well developed person, and an efficient and constructive member of society.

Stated otherwise, the purpose of general education in West Virginia Wesleyan College is to develop competent, cultured, Christian persons, who will, in turn, and with adequate specialized education, become good business men, good engineers, good lawyers, good ministers, good parents, good physicians. good public officials, good scientists, good teachers—the parts, of which, and by which, a good society must be constituted.

In order to provide all students an opportunity to acquire some substantial measure of general education, West Virginia Wesleyan College

requires all candidates for degrees to earn the following credits:

*Open only to freshmen and sophomores
**Open only to juniors and seniors

As a rule, these courses in general education should be completed during the freshman and sophomore years.

It is important to note that opportunities for acquiring general education at West Virginia Wesleyan College are by no means restricted to the courses listed above. Many additional courses afford the interested student such opportunities.

PREPROFESSIONAL AND VOCATIONAL COURSES

To provide students a plan of studies in preparation for various professions and vocations, a number of outlines follow.

These outlines are not to be regarded as rigid prescriptions, admitting no exceptions or modifications. With faculty counsel, some departures, or rearrangements, will occasionally be wise.

In the case of outlines that do not provide fully for major and minor concentrations, electives should be used to complete concentration requirements. (See Specialized Education.) Likewise, some electives may be needed to complete requirements in general education. (See General Education.)

TEACHER EDUCATION PROGRAM

The following is an outline of West Virginia Wesleyan's teacher education program. All students expecting to receive college recommendation for a teaching license must meet these requirements prior to graduation. Exceptions will not be made.

Each student should become thoroughly familiar with the general requirements.

Students should make an appointment with the college registrar during their junior year to discuss eligibility for admission to directed teaching.

Questions which are not answered in this section should be directed to members of the department of education.

General Requirements The programs of study outlined on the following pages are designed for training Kindergarten (k-3), elementary (grades 1-9), public school (grades 1-12), and secondary (grades 7-12) teachers. The student will be eligible for graduation and recommendation for a teaching certificate when he completes one of these programs and:

1. In the case of a public school or secondary program completes one comprehensive or *two* teaching fields as outlined in this bulletin.

2. Has a scholarship average of at least 2.00 (C average) on the total number

of collegiate credits attempted, 2.00 on credits attempted at Wesleyan only, 2.00 in professional credits attempted, 2.00 in directed teaching, and in the case of the public school and secondary programs a 2.00 in each of the teaching fields. Students must have completed 18 to 24 hours of *prescribed* courses with a 2.00 average in one field to qualify for a Professional Certificate valid in grades 1-9.

3. Has a minimum of 100 semester hours in non-professional education courses and a minimum of 20 semester hours in professional education courses.

4. Has completed 45 hours in upper division courses.

5. Has completed the last 32 hours credit in residence at Wesleyan.

6. Has no more than 28 semester hours in extension credit.

7. Has taken the national teachers examination.

8. Has demonstrated that he has the ability to teach at the grade levels for which he is preparing *and that his character and personality are such that he can be recommended unreservedly* for a teaching certificate.

Elementary education courses will not be counted toward completion of a secondary program, or vice versa. It is the responsibility of the student to be sure that the education courses he selects are applicable to his field of training.

1. Kindergarten Curriculum (Educ. 315 and 316) is substituted for Intermediate Methods (Educ. 302).
2. No subject specialization for grades 5-9 is required.

DEGREES AND REQUIREMENTS FOR GRADUATION

Students should be thoroughly familiar with, and must assume responsibility for meeting, degree requirements. A simplified list of all such requirements is available at the Office of the Registrar.

(This regulation also applies to requirements for teachers certificates, and other specialized curricula.)

DEGREES AWARDED

West Virginia Wesleyan College confers three academic degrees: Bachelor of Arts (upon graduates majoring in Bible, Chemistry, Christian Education, Economics, Education, English, Fine and Applied Arts, Foreign Language, History, Music, Philosophy, Political Science, Psychology, Religion, Sociology, or Speech and Dramatic Arts); Bachelor of Music Education (Music); and Bachelor of Science (upon graduates majoring in Biology, Business Administration, Chemistry, Home Economics, Library Science, Mathematics, Nursing, Physics, or Physical Education).

SEMESTER HOURS

In order to qualify for a degree a student must earn a minimum of one hundred and twenty-eight semester hours of credit. A semester is a sixteen-week term. In general, a course meeting one hour per week for one semester carries a credit of one semester hour; a course meeting two hours per week for one semester, two semester hours, etc. At least forty-five semester hours of credit must be earned in upper level courses.

QUALITY POINTS

In order to qualify for a degree a student must maintain at least a C average, that is, a scholarship quotient of at least 2.00, in courses undertaken at West Virginia Wesleyan College, and on total record. (See Explanation of Grades and Quality Points, and Scholarship Quotient.)

A scholarship quotient of at least 2.00 must be maintained in upper level courses undertaken at West Virginia Wesleyan College, in the major and minor fields, and on total record.

RESIDENCE

In order to qualify for a degree a student must spend at least thirty-two weeks, and earn at least thirty-two semester hours of credit and at least twice as many quality points as semester hours, in residence at West Virginia Wesleyan College. All classes meeting on the campus (as distinguished from extension classes) carry "in residence" credit.

The residence requirements must be met during the student's *last* thirty-two weeks in college prior to the awarding of his degree, unless waived for extraordinary reasons by the Committee on Academic Standing.

GRADUATE RECORD EXAMINATION

In order to qualify for a degree a student must take the Graduate Record Examination (area tests and advanced test, if available, in major field). (See Testing Service.)

DEGREES WITH DISTINCTION

Students who complete all degree requirements with a scholarship quotient of 3.50 to 3.74 on both total record and credits earned at West Virginia Wesleyan College will be graduated *cum laude;* those who complete all such requirements with a scholarship quotient of 3.75 to 3.99 on both total record and credits earned at West Virginia Wesleyan College will be graduated *magna cum laude;* and those who complete all such requirements with a scholarship quotient of 4.00 will be graduated *summa cum laude*—provided that the scholarship quotient in each instance shall be, in the judgment of the Committee on Academic Standing, corroborated by scores on the Graduate Record Examination.

APPLICATION FOR DEGREE

At least 12 months prior to anticipated completion of degree requirements, each candidate for a degree is required to file at the Office of the Registrar an application for a degree. This makes it possible to check requirements still to be met while there is still time to meet them. A charge of $5.00 is made for failure to comply with this regulation. Such failure may also result in postponement of graduation. This charge applies, also, to revised application filed less than twelve months prior to anticipated completion of degree requirements.

COMPREHENSIVE EXAMINATIONS

In order to qualify for a degree a student must pass a written comprehensive examination in his major area of specialization. (See Testing Service.)

A comprehensive examination, if missed or failed, can be made up only on a later regularly scheduled date for comprehensive examinations. A service charge of $10.00 is made for the privilege of making up a comprehensive examination.

ACCELERATED PROGRAM

West Virginia Wesleyan College affords students an opportunity to complete their studies in as short a time as may be consonant with thoroughness. Many students, especially veterans and others whose studies have been interrupted or delayed, welcome a soundly accelerated program.

By offering two 16-week semesters and two 5-week summer terms annually, West Virginia Wesleyan College makes it possible for a student to earn from 44 to 48 semester hours of credit per year, and to complete a degree course in three years or less.

The accelerated program is in every respect equivalent to the regular 4-year program. Acceleration is accomplished by the elimination of the long summer vacations which feature the 4-year program, and in the case of the exceptionally capable student by increasing his semester load by one or two semester hours beyond the normal study load. (See Student Load.)
